

**Personal.**  
—George Blanchard, Esq., has just returned from a business tour to the east. We are indebted to him for New York papers in advance of the mails.

—Our staunch Democratic friend Dolan, from the "Pocket" of Indiana, was in the city yesterday.

—The Rev. Dr. Adler was inaugurated on Saturday morning as Rabbi of the Temple Emanuel, in Twelfth street, New York. Dr. Adler assumes the position left vacant by the decease of the Rev. Dr. Merzbacher, who officiated for twelve years in that synagogue with distinguished ability. Dr. Adler has a high European reputation, and is the author of several valuable works on doctrinal points in the Jewish Church.

—Mr. W. H. Reeves, the tenor singer, who came here from England some ten years ago with Madame Anna Bishop, and has since been attached to several English opera companies in New York city on Friday, of dropsy of the brain. Mr. Reeves leaves a wife and three children in very destitute circumstances. He was a brother of the great tenor singer Reeves.

—Mrs. Elizabeth Calvert, one of the oldest residents of Prince George's county, Md., died last week at Mount Airy, her residence in that county, aged 77 years. She was the widow of the late Major Henry Calvert, who was the eldest son of Benjamin Calvert, of Mount Airy, and grandson of Charles, the sixth Lord Baltimore. The Advocate says she was a lady of the old school, retaining to the last the habits and manners of days long past, and enjoying the esteem and respect of a large acquaintance.

—W. K. Bosley, Esq., has been re-elected Captain of the Independent Guards, of Cincinnati.

—It is said that ex-President Pierce, by avoiding extravagance in the Executive mansion, during his term, retired with one-half of his four years salary in his pocket.

—Logan Williford is called upon in the *Bardonia* Gazette to become the Democratic candidate for the Senate in the district composed of Nelson, Bullitt, and Larue. Wm. F. Reed seems to be the choice of Larue for the place. They are both good Democrats, however, and either would doubtless be acceptable.

—The other day we were reminded of the ancient picture in which a bunch of grapes were represented with so much truth that the bird came to eat them. Standing before the window of Hegan & Co., looking at a Bingham's great picture, "The Stamp-Speaking," we saw approaching a gentleman whom we knew to be a successful politician. His eyes were immediately riveted upon the picture, and it seemed impossible to take our eyes off it. "That is the greatest thing I ever saw in my life," he exclaimed in perfect rapture. "How is it possible that any man could paint so perfectly? Why, I have been present at this scene hundreds of times. I know the people; I have seen them often. I know that man there with the old hat, as well as I know myself though I can't tell his name. I have seen that man bowing forward there, many and many a time. The truth is, I know everybody and everything there, and I feel as if I must make a speech."

—Since Eve by Adam was courted, the amount of business done in the same line is incalculable; and this state of things is likely to continue, for a few years at least, for there is no immediate prospect of the world's turning to Shinkendun. One evidence that interest is in the large and increasing audience that crowd nightly to listen to Prof. Fowler's lectures on matrimony—the last of which is delivered to-night. It will be seen by reference to advertisement that special reference is had to female education; and this is a subject to which the attention of parents ought especially to be directed, for the present fashionable mode is almost certain to give us weak, puny mothers, and render the next generation a decremented race. The lecture, with all its fun and philosophy, we doubt not, will prove a treat. Go and see.

—The possession of a large sum of money, as the world goes, is generally regarded to the possessor's advantage; but \$15,000 was thought to be too much for Thomas Pulliam to have at one time. He was consequently arrested and brought before the Police Court yesterday, upon the charge of having too much money. A young lady, whom Pulliam is charged with having abducted for a time, and with whom he has been upon terms of intimacy, is charged with passing counterfeit money, and, putting that and that together, the circumstances are to Pulliam's prejudice. The charges against Pulliam were continued yesterday, to await the arrival of an important witness.

—Having seen our friend, Mr. George Solomon, the optician, in our city, and having told us that he intends to return to Europe this summer, we recommend all those that are in want of any article in his line to call upon him. They will find all articles just as they are represented. Gold, silver, and steel spectacles; also, reading and eye glasses of the latest European style.

—The Madison arrived here from New Orleans on Monday evening. The principal part of her freight, four hundred tons, was for this port. It consisted of molasses, sugar, and salt. She was detained on the way by heavy fog and storms. She left yesterday afternoon, flying light, with only one hundred and twenty tons, for Cincinnati.

—James Goodloe, Esq., formerly one of the most extensive machinists in Cincinnati, now permanently located in the same business in Emporium, passed through the city yesterday morning, on a visit to his old field of operations.

—The Landis arrived at the Portland wharf Tuesday morning. She was crowded with passengers from New Orleans, many of whom are Cincinnatians, returning home after a winter's residence in the genial South.

—Timothy Sheehan, a dairyman, who lives at the upper end of Jefferson street, was fined \$10 in Police Court yesterday for throwing offensive matters upon his lot.

—Robert Hukey, a Cincinnati drunkard, was found lying in Dr. Marshall's hall door on Tuesday, and was sent to the work-house three months by Judge Johnston, yesterday.

—The Merchants' Hotel, in Fifth street, by some informality in the lease, has been divided, and Mr. Bibb has taken one end, and Mrs. Lambie the other.

—STAMEN ANTIPOLE.—We are indebted to our friend Sage, of the Antelope, for late New Orleans papers and other favors.

**A STRIKING IMPROVEMENT.**—We were witnesses yesterday to one of the most novel and striking improvements in machinery that we have ever seen. It is simply an apparatus for the manufacture of plasterers' laths. The machine has capacity to turn out fifty thousand laths per day, and on one occasion when we held the watch, not less than one hundred and thirty-six laths dropped out to the minute. One would suppose that material manufactured so rapidly would be defective, but the laths in question are as perfect and sound as any one could desire. The apparatus with which they are made is called "Todd's Improved Lath Cutter," and we believe it is the only one of its kind in operation. Of course, the improvement will enable the proprietors to supply laths at cheaper rates than heretofore, and they can have little or no competition in the trade. The machine we refer to is in operation at Messrs. Gregory & Connelley's saw-mill, at the corner of Fulton and Floyd streets, and persons who take an interest in practical improvements should avail themselves of a general invitation to call and see it.

Messrs. G. & C. are experienced and popular gentlemen, and have one of the best constructed and most complete mills in the State, and we commend them highly to all who deal in their line.

**A STRIKE OF LUCK.**—A negro man named James Anderson, the property of R. R. Greene, Esq., the attorney, bought a white ticket in a lottery in this city a day or two ago, which entitled the holder to \$30,000. Previous to the drawing he impounded a young white man to go halves with him, and the young man finally consented, and therefore comes in for \$15,000, his share of the prize. The negro indulges in ideas of freedom, and Mr. Greene referred him to ex-Chancellor Pridle for a valuation as to his own worth, and the family of his family, and they are now all free. The residue of the negro's funds has been placed in the hands of Jas. Speed, Esq., as trustee for Anderson. We learn that the fortunate possessor of the other half of the prize was a poor but worthy young man, who had a widowed mother to support; that his name is Thomas, and lives in the upper part of the city. Lotteries are not such bad things, after all.

**NATIONAL TREASURY EMPORIUM.**—Everything has a beginning, and there was a time when there were no manufacturers of trunks in Louisville, even long after the commencement of our great commercial prosperity. A pioneer in that business was Mr. J. H. McCleary, and he still continues largely in the business, at the corner of Fourth and Main streets, under the National Hotel. Of course, a manufacturer of Mr. McCleary's experience is fully up with every improvement. He keeps a varied and beautiful stock, and has every advantage in the trade calculated to render his articles cheap. His stock is particularly attractive to the ladies, and his dress trunks are a great feature in his sales. Call and see him, and you will at least make a clever gentleman, if you don't buy his goods.

**AN ITEM ABOUT THE DEANS.**—The New York Post says that Mr. and Mrs. John Dean (divorced) of a coachman and his bride have been in Philadelphia at all, as reported. On Saturday, John was dispatched to a country school, with a view to completing his education, which accomplished wife remaining with her family, whether she returned when John started to school. The Post says: "It was a part of the stipulation entered into by all the parties, in the presence of the court, that for the year to come, as since the marriage, Mr. and Mrs. Dean should have no intercourse with each other, except in presence of friends."

**THE STABBING AFFRAY ON THE STEAMER.**—We have made a telegraphic announcement of the stabbing affray on the steamer *Stanton*, a short distance above Evansville. Jas. D. Heffernan, the perpetrator of the outrage, was under the influence of delirium from the use of liquor at the time. Six persons were stabbed, among them Mrs. B. C. Lepper, the clerk of the boat, and Mrs. Tugate, Thompson, and Burton, passengers; and it is feared that one, whose name we could not learn, will not recover. The others are doing well. The unfortunate man immediately fled from his pursuers, jumped into the river, and was drowned. He leaves a family in New Albany.

**TERRIBLE AND FATAL AFFAIR.**—We are pained to learn, as we do by the messenger of Adams Express, that a steam boiler exploded in the Sentinel office at Indianapolis, which killed a young man named George Homan, and wounded five others. A fine new press, the largest in the city, embracing a variety of new and desirable articles. His stock of Silks, large and Grandiose Robes, Embroideries, and Lace Goods, cannot be excelled by any Western house. He has also a large and well selected stock of Cottonades, heavy Cotton Drills, Plaid Cottons, Omburgs, &c., for servants. Call and examine the stock of this store, for before you make your purchases, and we feel sure in saying that you will be convinced that this is the house to buy good and cheap goods. Corner Fourth and Market.

**SCHOOL BOOKS, BLANK BOOKS, PAPER, AND THE PLACE TO BUY THEM.**—C. Hagin & Co.'s store is the center of attraction with merchants and visitors to our city laying in their stocks, where everything can be found in the way of School Readers, Grammars, Dictionaries, Arithmetics, Histories, Geographies, Spellers, Atlases, Astronomies, Geometries, Philosophies, Chemicals, Speakers, Blank Books, Letter, Cap, and Note Papers, &c., &c., all laid in to suit the country trade, and prices guaranteed to suit. Don't fail to give them a call, at No. 507 Main street, between Third and Fourth.

**DR. URBAN'S INEBRIATE'S HOPE, A CURE FOR Intemperance, Delirium Tremens, and Neuralgia.**  
One package will cure an ordinary case of intemperance; two packages will cure the most inveterate drunkard of all desire for alcoholic drinks. \$1.50, enclosed by mail to Raymond & Patten, 74 Fourth street, Louisville, Ky., will insure the return by mail of one package; four packages for \$5, postage free. ap6d&w

**ALL FOR ONE DOLLAR—Great Indulgence at 96 Third Street.**—Now is the time to get the gold watches, jewelry, and extra fine books, pocket knives, cases, and work-boxes cheap. No small gifts. Every purchase of \$1's worth of inventory receives a free gift, worth from 50 cents to \$100. Everybody is invited to call and examine the gifts, which are new and desirable. No money is risked on chance, as every person is sure to get the worth of their money besides the innocent, which is alone worth the amount paid for it. One hundred thousand bottles have been sold since the first of January, 1897, and has given universal satisfaction in all diseases for which it is recommended. Remember, four bottles of Intemperance, Delirium Tremens, and Neuralgia, will cost you \$4, at No. 96 Third street, near the post-office. adwtf

**MARY DOLAN** accused her brother-in-law, John Dolan, in Police Court yesterday, with defaming her character. The case was one of that peculiar character which Judge Johnston could not entertain, and was therefore dismissed.

**AGRICULTURAL VISIT.**—Hon. H. F. French, one of the vice presidents of the United States Agricultural Society, is about to sail for Europe, with the special intention of examining the agriculture of the old world.
